Board of Supervisors Receive and Order Publication of Audit

The Board of Supervisors of Hancock County met in regular session on Monday morning, and in addition to routine matters received the report of the State Auditor of the fiscal affairs of Hancock County covering the period from October 1st, 1943 to September 30th, 1944, and a cash audit and consolidated statement of receipts and expenditures for the period from October 1st, 1944 and ending April 30th, 1945.

The Board by a vote of three to one ordered that the audit be received and filed and that the same be published in the Sea Coast Echo, the dissenting vote being that of Ed. P. Orte, who moved that the audit be not accepted for the reason "That there are complications certified in this audit by the Auditors themselves, and that they have omitted several true facts that I have in my audit made by a certified public accountant."

The report contains 50 pages of typewritten matter and could not all be set up for publication this week. The full report as submitted by the State Auditor's office will be published in next week's issue of the Echo.

Overseas 26 Months Expected Home

PFC. SYLVESTER R. NECAISE

Private First Class Sylvester R. Necaise, Hancock County boy who has had 33 months service, 26 months of which were spent in Africa, Sicily, Italy, France and Germany. He is the son of Mr. and Mrs. Rosa Necaise of Necaise Crossing, and his return home is expected momentarily.

Returns From Overseas

Mr. and Mrs. Theo Tudury were quite surprised one day last week when they received a call from New York from their son Theo, Jr., telling them that he had reached this country and would be home in a few days. He had previously told his mother and father that he doubted if he would be home soon and his arrival was a complete surprise to them.

He came in from Camp Shelby on his furlough and looks none the worse after his long stay overseas, and then broad grin that he was around here as a kid is still with him. During the past few days "Nooney" has been spending much of his time seeing his many friends.

Mrs. Albert Biehl, president of the Bay Central P-T. A. and Mrs. C. C. McDonald, state chairman of Publications attended the P-T. A. Institute held at Hattiesburg last Friday and Saturday.

They report a splendid and most profitable time. The high light of which was Dr. Agnes Samuelson of Iowa who was National guest. Dr. Samuelson is well known nationally to all teachers throughout Mississippi and has held the office of president of the National Educational Association. It was a rare privilege to have participated in the program of the institute.

Infant Dies Suddenly

The entire community is deeply grieved because of the death of the little 10-day old daughter of Mr. and Mrs. H. Grady Perkins who died suddenly on Saturday, August 4 at the home of his parents.

Mrs. Perkins and the baby had arrived here on Friday by ambulance from Toumo Infirmary having been discharged from that institution. The baby was apparently well but evidently died from a weak heart before the physician reached it.

The baby was buried Sunday morning at eight o'clock with a simple service and was interred in the Perkins family plot.

Sympathy is extended to the young parents and a hope that they may see far beyond this sorrow to the silver lining in their cloud.

BENEFIT FOR X-RAY FUND OF HOSPITAL

Are you planning to attend the Benefit Keno at the Knock Knock Club on Thursday, August 15 at 8 p. m. for the X-ray Fund for the Kings Daughters Hospital? If you are not, why not? Perhaps you do not play Keno. You may still send your donation to the hospital and it will be appreciated, because it is so greatly needed.

Large trees grow from small acorns and the land is made of tiny grains of sand—so the X-Ray can be paid for with enough contributions, both large and small.

Rally to this call and come out en masse on August 15, and swell the Hospital Fund. In contributing to the X-Ray fund you are truly casting your bread upon the water for you may reap the X-Ray at a moment's notice.

Talk about this to your friends and ask them to join you on the evening of August 15 and try their luck at prize winning. This is a general appeal to all residents of the city and county. Please respond in a big way.

OUR PUBLIC LIBRARY

Below is a copy of a letter from the executive board of the library, soliciting financial aid to carry out proposed plans for future expansion and operation.

Doubtless there are many persons in Bay St. Louis who do not know how their Public Library is financed, so we are taking this means to acquaint the public with some actual facts and also soliciting its support.

The city and county pay the salaries of the two workers and the county furnishes the telephone. The Hancock Bank generously donates our quarters. All other expenses, such as the purchase of books, stationery, book cards, book pockets, ink, pencils, book binding materials, postage, express charges, fuel, cleaning, must be met by the library from the following sources—fines on over due books, rental on new books, book reviews, individual donations and proceeds from the annual Tag Day all of which averages approximately \$15 per month.

It does not take a CPA to see, this situation, but it does take an exaggerated imagination to figure how the library can operate on so small a budget.

Does Bay St. Louis want its library to become a greater factor for good in the community or just remain as it is without further growth?

There are two things that are necessary to the growth of a library—enough of the right kind of books for both adults and children and the attractive and convenient arrangement of these books.

A plan has grown in the minds of the librarians and the library board which we feel will greatly benefit the library and increase our book fund without being a burden to the public.

If on our annual Tag Day the last Saturday in August there could be found 25 civic minded patrons who would give \$5 per year totaling \$125; fifty patrons giving \$1.00, totaling \$50.00; 200 persons giving \$1.00, totaling \$200 and 150 patrons giving 50c, totaling \$75, making a grand total of \$500.00. This amount would be a boon to the library and would suffice for a year.

\$500 is not a large sum for buying books for looks happen to be the most expensive commodity on the market today.

Won't you make Tag Day, Saturday, August 25 a red letter day in Bay St. Louis and give a stipulated amount as your donation to one of the most uplifting and far reaching institutions in our community.

(Signed) Librarians and Library Board.

Meeting at Jive Hive

On Thursday, August 2nd, an interesting meeting of the Jive Hive governing board was held.

Due to the departure of Randolph Bourgeois, Jr., Miss Muriel Manieri was elected treasurer.

Many members of the Jive Hive were guests on last Saturday at the Youth Center in Pass Christian. From glowing reports the Pass Christian members proved very cordial hosts.

Every month there will be a large cake in celebration of the members having a birthday in that month. All members whose birthday is in August will please give their name to be enrolled in the roll book.

It was reported that the membership roll has now reached nearly seventy.

Son Reported Killed On Prisoner Ship

Mrs. Bessie Lee, 1433 32nd ave. nue, Gulfport, has been notified that her son, Seaman George Lee, who has been reported a prisoner of war since Corregidor, has been reported killed as a Japanese prisoner. The notification, signed by H. B. Atkinson, Commander, USNR, reads in part, "Your son, George Walden Lee Seaman First Class, USN, has been carried on the official record of the Navy Department as a prisoner of war x x x It has been ascertained that on October 11, 1944, your son who had been held captive by the Japanese in the Bilbilid Prison of War Camp, Philippine Island, was placed aboard a Jap freighter, and on October 24, 1944, this ship, which bore no prisoners of war, was torpedoed and sunk off Shoonan, east coast of China. It has therefore been determined that your son died October 24, 1944.

Mrs. Lee reports having received two postal cards from George, apparently mailed from the prison camp since the date of this communication.

George Lee was a native of Hancock County and lived with his widowed mother near Lettown. He enlisted in the Navy before the United States entered the war.

Canteen Comments

Hello, Folks! You did not hear from us last week. But here we are. And Billy had a birthday and a birthday cake but no candles because we don't know how old Billy is and so he did not have the pleasure of blowing out the candles. But he says he had a glorious birthday almost as happy as if he had been at home.

The Navy and Army met last Saturday evening and it so happened that they were all from California and it was almost a reunion. When one of the ladies on duty at the Canteen offered to drive the Army to the train he said, "That is the first time anyone offered me a ride."

The Canteen is in need of help. Not as much financial help as we need ladies to help when the boys come in. We have not enough volunteers to come either on Saturday afternoons or Sunday afternoons. Won't you please lend a hand now and then? If so call Mrs. A. P. Smith, phone 225-R.

Sisters Attending Retreat

Thirteen Sisters of the Order of St. Joseph left Bay St. Louis on Wednesday to attend an eight-day retreat given in New Orleans at the St. Joseph Academy by Rev. Languier, S. J.

At the close of the retreat the Sisters will be assigned to the school or academy for the forthcoming year.

Guest Speaker Before Bay Rotary Club

E. P. Kirkpatrick was guest speaker at the weekly luncheon hour at Hotel Reed of the Bay St. Louis Rotary Club on Wednesday. Mr. Kirkpatrick who has just returned from a trip through the South and East told something of his trip but confined his talk largely to the National Used Clothing Drive of which he was county chairman and which was sponsored by the Rotary Club.

He said that the average amount of clothing sent in by each committee was 3550 pounds and that Hancock County collected and sent 6000 pounds.

The Rotary Club clipped all press releases on the drive and sent them in to National headquarters and appearing in the book compiled by Mr. Kaiser, National chairman, was an editorial from the Sea Coast Echo written by Mr. Favre and a release which appeared in the Times-Picayune.

Clothing Collected Sent To War Victims

Mr. E. P. Kirkpatrick, local chairman of the United National Clothing Collection, received a report from the National Chairman Henry J. Kaiser, that the clothing contributed by the American people will reach millions of war victims before winter sets in.

Mr. Kirkpatrick, commenting on the report said, "Every person who helped our community collect 6000 pounds of clothing for overseas war relief should feel proud of having participated in this great cause. We are glad to know that the clothing is on its way to relieve the suffering people of war torn countries."

Mr. Kirkpatrick and the Bay St. Louis Rotary Club who officially sponsored the clothing drive are to be commended for the splendid job they did.

Amendments Made To Federal Farm Loan Act

T. W. Patten, secretary-treasurer of the Picayune National Farm Loan Association, has announced important amendments to the Federal Farm Loan Act made recently by Congress and approved by President Truman. He said that the changes will make it possible for the association to handle loans more expeditiously.

Under the new law, the Federal Land Bank may lend up to 65 percent of the normal value of the farm, whereas since 1917 they have been limited to 50 percent of the appraisal normal value of the land plus 20 percent of the permanent improvements.

Land Bank Commissioner loans will be continued for 1 year from July 1, 1945. They have been made up 65 percent of the normal appraisal value of the farm. However, the contract interest rate on these loans will be 5 percent except to veterans who may borrow at 4 percent in the event the loan is guaranteed under the G. I. Bill of Rights. The contract rate for land bank loans will remain at its present all-time low of 4 percent.

Secretary-Treasurer Patten said that many of the Commissioner loans have been repaid since 1934 and that many others have been reduced to a point where they can easily be refinanced with a percent land bank loans. "This," he said, "will be advantageous to many borrowers for it will not only reduce their interest rate but will give them the advantages of having only one creditor."

arrived at the home of his parents in Memphis in June.

Mr. and Mrs. E. J. Arceneaux had in a few of Lt. E. J. Arceneaux's friends for an informal get together while Lt. Arceneaux was still here. His sister Miss Bobby Arceneaux had flown from Jacksonville, Florida, to be with her brother and she and Miss Jeanne Arceneaux assisted in entertaining the following: Dominick Di Bartolotto, Hugh Moore also home from foreign duty. Lt. and Mrs. Robert Dervely and Staff Sgt. Dervely from Gulfport Field. Lt. and Mrs. Arceneaux are now in New Orleans.

The many friends of Miss Josie Miller regret to know that she is still suffering with her hand. Miss Miller slipped on wet leaves on a pier during the rainy season a week ago and sprained her right wrist. It is still in a cast and giving her considerable trouble. "Miss Josie" is always ready to lend a hand to those who call upon her and many times when she is not called upon and it seems the irony of fate that it should have been her right wrist to be hurt. But it is hoped that she will soon be all right again.

COLLEGE BOARD

The trustees of state institutions of higher learning plan to hold a public hearing in October when proponents and opponents of the proposed four-year medical school will be heard, pro and con, on the merits of the proposition. In the meantime, clubs and civic organizations over the state continue to adopt resolutions favoring establishment of the college and hospital. These resolutions and recommendations will be presented to the Legislature at its January session.

EDUCATIONAL COMMISSION

The Educational Policies Commission of the Mississippi Education Association held a meeting in Jackson last week to study the situation with reference to the legislative demands of education in the state. Committees were appointed to study the needs and make recommendations to the association by September 15 in order that a program might be carried out and presented to the Legislature when it convenes in January.

MACHINE CULTIVATION

Now that the mechanical cotton picker has established itself, the next move is to mechanize the cultivation of cotton. At the Experiment Station at Arkansas last week a mechanical hoe, chopper, and flame thrower were demonstrated and those who witnessed the experiment seemed convinced that mechanical cultivation would be established in the near future. It will probably be several years before these machines, even the picker, will be in general use.

Self-Regulation

Self-Regulation is a determined effort on the part of this industry to see that beer is sold in surroundings in keeping with the ideals of a legitimate industry and public decency.

This idea is not new. Organized baseball, the motion picture industry, lawyers, doctors—have all found that control from within is the most effective means to an end.

Here in Mississippi, this Committee has worked to keep the retail sale of beer on a wholesome plane—and its efforts have not gone unrewarded. We insist that beer be sold by responsible businessmen in respectable places. We urge you to patronize only those who regard their retail beer permit as a privilege they will not abuse.

ORTE THEATRE SUNDAY-MONDAY "WITHOUT LOVE"

Spencer Tracy, Katherine Hepburn with Lucille Ball And Keenan Wynn

An outstanding cast, headed by co-stars Spencer Tracy and Katherine Hepburn and including such tried-and-true comedy experts as Lucille Ball, Keenan Wynn and Felix Bressart, has been brought together by Metro-Goldwyn-Mayer to provide one of the most mirthful movies of the season in "Without Love," which opens Sunday and Monday at Ortte Theatre.

Based on the play by Philip Barry, author of "The Philadelphia Story," the new attraction is the story of a scientist-inventor (Tracy) and a girl (Miss Hepburn) both of whom shun love. Each has different reasons for rejecting love, and both are determined to stay away from it.

Employed by the Government to perfect a new high-altitude oxygen mask for fliers, Tracy sets up his workshop in the basement of Miss Hepburn's Washington home, hiring out as caretaker. Soon Tracy finds that she can be of great assistance as he puzzles over his invention... and the upshot is a startling proposal by Miss Hepburn that they marry "without love."

Hilarious is the word for the resulting sequence of events, which involve Miss Ball as Miss Hepburn's business manager; Keenan Wynn as her not-too-sober cousin; Bressart as a science professor and Carl Esmond, Patricia Morison, among others.

The co-stars follow the pace they set in the highly successful "Woman of the Year" in which they were teamed.

HOW IS MY WIFE MAKING OUT;

We owe a debt to this man. Adding a worry is not the way to show our gratitude. The security of his wife and family depends upon us. Our job on the home front is to heed ceiling prices. Then we won't over buy and cause an increase in prices. We'll check the black market and make it easier for servicemen's wives and others with low, fixed incomes.

"THE KEYS OF THE KINGDOM" AT A. G. THEATRE SUNDAY AND MONDAY

Magnificent—Among Truly Great Pictures of Our Time

It is difficult to describe in mere words the tremendous emotional experience coupled with superb screen entertainment that awaits loyal movie-goers with the showing at the A. G. Theatre, Sunday and Monday of 20th Century-Fox's magnificent production of A. J. Cronin's "The Keys of the Kingdom."

For the millions who have read Cronin's heart-warming and provocative story, the motion picture cannot help but raise its dramatic excitement and overwhelmingly powerful impact to the point of an exhilarating fresh and enriching experience. To those to whom this wonderful drama of Francis Chisholm, a simple man whose courage moved hearts to undreamed of heights is familiar, this picture must come as a double delight.

"The Keys of the Kingdom" is the story of Francis Chisholm a very good and brave man—a very great man—who travelled many roads through many lands in a never-ending search for an ever wondrous secret of happiness. It is the story of his dreams and of many women's longings. It is the story of Nora, the girl he loved, of his desire to protect her frailty, as opposed to his strong desire to devote his life to the church. It is the story of Maria-Veronica, Austrian-born aristocrat, too proud and intolerant to recognize the greatness of a simple man.

The incidents leading up to their understanding make some of the most powerfully dramatic moments of the film. And there are many such moments in the picture which travels from England, where Francis spends his childhood, to Scotland and on to China, where Chisholm's mission becomes a battlefield.

With his superb and sensitive direction, John M. Stahl adds further glory to his already impressive Hollywood record.

TRAINING

A character-building idea for children aged 10 to 16 years

Early habits always live the longest. Child specialist, progressive school facilities and psychologists all agree that character-forming habits may be formed by any child if parents are willing to try. It's all a matter of training. Whether children have an allowance or earn their own pin money, they should be encouraged to have their own savings account. In later years you will thank us for the scientific suggestion. We are always happy to see boys and girls at our bank.
